

BNC to F Adapters

PPC’s precision adapters for headend and test equipment usage provides superior performance and durability through precision contacts.

| Specifications | |
|--|--|
| Bandwidth | 0 MHz to 1 GHz |
| Impedance | 75 Ohms (nominal) |
| Return Loss | Minimum -25 dB to 1 GHz |
| Insertion Loss | less than .05 dB to greater than 1 GHz |
| Operating Voltage | 90 V (at 60 Hz continuous AC) |
| Meets or Exceeds all SCTE Specifications | |

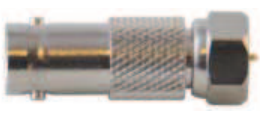

Part Numbers

C BNCF MF

C BNCF FM

| Part Numbers | |
|--------------|--|
| C BNCF MF | BNC to F-adapter, male BNC to F-female |
| C BNCF FM | BNC to F-adapter, female BNC to F-male |
